Kingsbury Texas

News & Information Newsletter

Dear Kingsbury,

Here's the latest on what's going on in Kingsbury!

Father's Day

Today, Sunday, June 20th, is Father's Day - a celebration honoring fathers and celebrating fatherhood, paternal bonds, and the influence of fathers in society. Many countries celebrate it on the third Sunday of June, though it is also celebrated widely on other days by many other countries.

On July 5, 1908, a West Virginia church sponsored the nation's first event explicitly in honor of fathers, a Sunday sermon in **memory** of the 362 men who had died in the previous December's explosions at the Fairmont Coal Company mines in Monongah, but it was a one-time commemoration and not an annual holiday.

The next year, a Spokane, Washington woman named Sonora Smart Dodd, one of six children raised by a widower, tried to establish an official equivalent to Mother's Day for male parents. She went to local churches, the YMCA, shopkeepers and government officials to drum up support for her idea, and she was successful: Washington State celebrated the nation's first statewide Father's Day on July 19, 1910. Slowly, the holiday spread. In 1916, President Wilson honored the day by using telegraph signals to unfurl a flag in Spokane when he pressed a button in Washington, D.C. In 1924, President Calvin Coolidge urged state governments to observe Father's Day.

In 1966, President Lyndon B. Johnson issued the first presidential proclamation honoring fathers, designating the third Sunday in June as Father's Day. Six years later, the day was made a permanent national holiday when President Richard Nixon signed it into law in 1972.

June 26 - National Barcode Day, National Coconut Day, National Beautician's Day, National Chocolate Pudding Day, Summersgiving

Full Strawberry Moon

This Thursday, June 24th, is the Full Strawberry Moon.

June's Full Strawberry Moon got its name because the Algonquin tribes knew it as a signal to gather ripening fruit. In Europe, strawberries aren't native and it was known as the Full Rose Moon. Europeans also often called it the Honey Moon because its position is low in the sky (in our hemisphere at least) and the earth's atmosphere can give it a warm tint.

JUNE MOON FOLKLORE

🥮 A growing Moon and a flowing tide are lucky times to marry.

Days following both the New and Full Moons are most likely to be rainy or stormy.

Crabbing, shrimping, and clamming are best when the Moon is full.

Other names for the June full moon:

Algonquin tribes - Strawberry Moon or Moon When They Hill Indian Corn Arapaho - Moon When the Buffalo Bellows Cherokee - Green Corn Moon Choctaw - Moon of the Crane Comanche - Leaf Moon Creek - Blackberry Moon Hopi - Moon of Planting Lakota - Moon When the Berries Are Good Mohawk - Ripening Time Moon Omaha - Moon When The Buffalo Bulls Hunt the Cows Ponca - Hot Weather Begins Moon Pueblo - Moon When the Leaves Are Dark Green Shawnee - Raspberry Moon Shoshone - Summer Starting Moon Sioux - Strawberry Moon Dakotah Sioux - Moon When June Berries Are Ripe

> Celtic - Moon of Horses Chinese - Lotus Moon Colonial American - Rose Moon Neo-Pagan - Planting Moon English Medieval - Dyan Moon Europeans - the Rose Moon

11/28/2021, 6:49 PM

There will be a Market in downtown Kingsbury today and every Sunday, weather permitting. The event will be in

Downtown Kingsbury From noon to 3 Every Sunday

You'll be able to pick up farm fresh eggs and produce. Plant starts, handcrafted items, homemade pies, cakes, and other baked goods are also available.

Summer Solstice

Today, June 20th, is the first day of Summer! In our Central time zone, Summer actually doesn't start until 10:31 p.m. this evening so enjoy the last of Spring until tonight!

This is only the "summer" solstice in the Northern Hemisphere. It is the winter solstice in the Southern Hemisphere.

The timing of the solstice depends on when the Sun reaches its northernmost point from the equator. The word solstice is from the Latin *solstitium*, from *sol* (sun) and *stitium* (to stop), reflecting the fact that the Sun appears to stop at this time (and again at the winter solstice).

In temperate regions, we notice that the Sun is higher in the sky throughout the day, and its rays strike Earth at a more direct angle, causing the efficient **warming** we call summer.

This summer solstice is the day with the most hours of sunlight during the whole year. At the winter solstice, just the opposite occurs: The Sun is at its southernmost point and is low in the sky. Its rays hit the Northern Hemisphere at an oblique angle, creating the feeble winter sunlight.

Question: Why isn't the summer solstice—the longest day of the year—also the hottest day of the year? Answer: Earth's atmosphere, land, and oceans absorb part of the incoming energy from the Sun and store it, releasing it back as heat at various rates. Water is slower to heat (or cool) than air or land. At the summer solstice, the Northern Hemisphere receives the most energy (highest intensity) from the Sun due to the angle of sunlight and day length. However, the land and oceans are still relatively cool, due to spring's temperatures, so the maximum heating effect on air temperature is not felt just yet. Eventually, the land and, especially, oceans will release stored heat from the summer solstice back into the atmosphere. This usually results in the year's hottest temperatures appearing in late July, August, or later, depending on latitude and other factors. This effect is called seasonal temperature lag.

Fun Facts

In Sweden, people celebrate the Summer Solstice by eating the first strawberries of the season.

In ancient Egypt, summer was the start of the new year. The rising of the star Sirius roughly coincided with the summer solstice and the annual flooding of the Nile River.

SUMMER SOLSTICE FOLKLORE

Deep snow in winter, tall grain in summer. –Estonian proverb

When the summer birds take their flight, goes the summer with them.

If it rains on Midsummer's Eve, the filbert crops will be spoiled. –Unknown

One swallow never made a summer.

Easterly winds from May 19 to the 21 indicate a dry summer.

If there are many falling stars during a clear summer evening, expect thunder. If there are none, expect fine weather.

Kingsbury VFD Fundraiser

We are gearing up for the KVFD Bar-B-Q Fundraiser on July 31st!

5 of 9

This is the annual benefit Bar-B-Q which is the primary fundraiser for the Fire Department, and held each year on the last Saturday in July.

The day starts with DJ Bo Peep doing his thing from 1 to 5. There will be great food and homemade desserts, Raffle for great prizes, games for the kids, Country Store, **Live Auction**, amusements, Silent Auction, and then a fee Dance Under The Stars.

Bar-B-Q plates are \$11 for adults and children and include delicious smoked beef and the Auxiliary's world famous potato salad! Serving starts at 5:30 and goes until 9:00. Eat there and get a couple to go!

The KVFD and Auxilary will be getting together a great group of volunteers to help pull off this event. They will need people to work the serving lines, and to donate items to the Live Auction, the Silent Auction, and the Country Store. Bring a dessert, slice up meat, cook potatoes, there's so much that you can do! Volunteer and be part of a great organization and a great group of people!

Contact kingsburyvfd.aux@gmail.com for more information.

Kingsbury Weather
