Kingsbury Texas

News & Information Newsletter

Dear Kingsbury,

Here's the latest on what's going on in Kingsbury!

National Night Out

The National Night Out event in Kingsbury is coming up on Tuesday, October 7th from 5:30 pm - 7 pm in downtown Kingsbury.

National Night Out is an annual **community-building** campaign that promotes police-community partnerships and neighborhood camaraderie to make our neighborhoods safer, more caring places to live.

Millions of neighbors take part in National Night Out across thousands of communities from all fifty states, U.S. territories and military bases worldwide on the first Tuesday in August. To escape some of the heat, here in Texas we celebrate on the first Tuesday in October.

We'll be having the event in the downtown with free food, members of our local law enforcement, fun activities, information on crime in our area, and our Kingsbury first-responders.

Everyone in the Kingsbury area is welcome to attend. Come on down and meet your friends and neighbors!

Full Harvest Super Moon

Monday night, October 6th (at 10:48 pm Kingsbury time), is the rising of the Full Harvest Moon.

Normally, October's full moon is the Full Hunter's moon. Most of our monthly Moon names come from Native American and early American folklore, but the Hunter's Moon is always the first full Moon after autumnal equinox.

However ...

This year, the October full Moon is called the Harvest Moon. Unlike other full Moon names, which are specific to their respective months, the Harvest Moon is tied to an astronomical event: the autumnal equinox.

The full Moon that falls nearest to the equinox (September 22nd this year) takes on the name "Harvest Moon," rather than its traditional name. This means that a Harvest Moon could occur in either September or October. The Harvest Moon provides the most light at the time when it's needed most—to complete the harvest!

This is one of those unique years when October's full Moon — rather than September's — receives the iconic name of the "Full Harvest Moon." This switch occurs approximately every few years, with the last October Harvest Moon occurring in 2020.

What else makes this October full Moon special: It will be the first of three supermoons in a row!

A supermoon occurs when the Moon is at least 90% of the way to its perigee (the closest that the Moon comes to the Earth in its orbit). The association of the Moon with both oceanic and crustal (or "land") tides has led to claims that the supermoon phenomenon may be associated with increased risk of events like **earthquakes** and volcanic eruptions, but no such link has ever been found.

The October full Moon rises right around sunset—and sets around sunrise. It's the only night in the month when the Moon is in the sky all night long. In addition, because the October full moon rises around sunset near the horizon, it appears bigger and more orange than your typical Moon. However, this is just the "Moon Illusion." In 2025, though, it really will be bigger!

In the autumn months, there's no long period of darkness between sunset and moonrise for several days in a row, around the time of full moon. In the days before tractor lights, the lamp of the Harvest Moon helped farmers to gather their crops, despite the diminishing daylight hours. As the sun's light faded in the west, the moon would soon rise in the east to illuminate the fields throughout the night. A month later, after the harvest was done, the full Hunter's Moon was said to illuminate the prey of hunters, scooting along in the stubble left behind in the fields.

Check out the "Kingsbury City Limits" page on the Kingsbury [website](#) to see the current map, get a petition form,

and find more information on voluntary annexations.

Pictured below is the Seguin thoroughfare plan with their "Outer Loop" coming up FM2438.

This plan once came up into downtown Kingsbury, but due to changes in Texas law, a property owner can now be removed from an ETJ (extraterritorial jurisdiction which is an area outside of any city's limits) and therefore be removed from their control. Shown below is Seguin's ETJ around Kingsbury (red dot) in tan with the white areas being landowners that have removed their properties from that ETJ.

To see forms and learn more about being removed from Seguin's ETJ click [here](#).

Fellowship

The Kingsbury Lutheran Church will be having weekly Fellowship gatherings every Thursday.

These get-togethers start at 6:30 in the Fellowship Hall and the **activities** could be a mix of food, Bible study, games, etc.

More Kingsbury Kids In Costume

Another wonderful picture from Denise Imhoff of the kids at the Kingsbury School when she was attending there. The school closed in the Summer of 1963 so these would have been taken before that.

It looks like the kids here are also dressed in costumes for a play or plays or maybe as fairy tale characters. I think the little girl on the right may be Mary with her Little Lamb, there is obviously a Big Bad Wolf in the middle, and the girl with the **rown** and the pale blue dress looks like a princess - I just don't know which one!

In the photo are (left to right)

Joyce Brown, Paula Glenewinkle, Joy Glenewinkle, ?? inside the wolf, Jill ?, Barbara Brown, Denise Imhoff.

Know someone that should be on the Kingsbury Newsletter eMail List?

Send them this email! All they need to do is go to the [Kingsbury website](http://www.kingsburytexas.org), click on the weird little **dog** at the bottom of any page, and fill out their name and email address. It's so easy! Let's get everybody to be "in the know" about what's going on in their community.

Thanks!
