Mauer Lumber Company

The Maurer Lumber Company in Kingsbury was owned by Fritz and William Maurer. It was located on or near the corner of Railway and Forcey Streets.

The "Lumber Office" picture may be of one of the Maurers holding the clipboard with the **handsome** arm garters on his sleeves. The company was advertising the "Banner Buggy" on the front by the door and also below the porch to the right of the steps. The Banner Buggy Co. (1880-1921) was the largest horse-drawn vehicle manufacturer in the nation so it was probably good business to sell their wares. The horseshoe-shaped piece in front of the window on the left looks like a rib or "bow" from a covered wagon.

By 1916, the Lumber Company had started advertising Garland Stoves and Ranges, had quite a selection of different fencing materials, and what looks like a water silo to the left of the building.

Know someone that should be on the Kingsbury Newsletter eMail List?

Send them this email! All they need to do is go to the [Kingsbury website](#), click on the weird little **dog** at the bottom of any page, and fill out their name and email address. It's so easy! Let's get everybody to be "in the know" about what's going on in their community.

Thanks!
